

# Beyond Gravity

Operating System for India's Human Capital

Google  
Engineer

IAS  
Officer

DRDO  
Scientist

# A Massive "Human Capital" Leakage

## Talent Famine

- India graduates 1.5 Million engineers/year
- >80% are Unemployable
- 52% skill gap in critical thinking.

1

PROBLEM

## Public Inefficiency:

- ₹1.48 Lakh Crore education budget
- 96% Inefficiency Factor in outcomes

2

# AI as Digital Public Infrastructure

## Scalable Mentorship

- Athena & Pragna (AI Agents), providing elite, 1:1 guidance at Zero Marginal Cost.

1

SOLUTION

## Employability Engine:

- We build deployable workforce assets.
- We plug the "Quality Leakage"

2

# Why **BeyondGravity**

India is world's **largest youth workforce** , lacks the infrastructure to guide it.

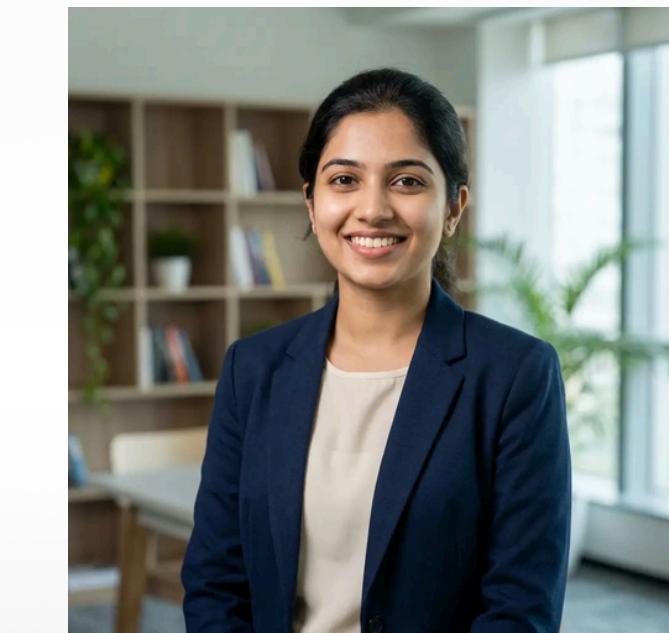

**BeyondGravity bridges** this gap, turning a demographic liability **into a Global Economic superpower.**

**No confusion. No generic advice. Just a straight.  
AI-guided Potential to Placement.**

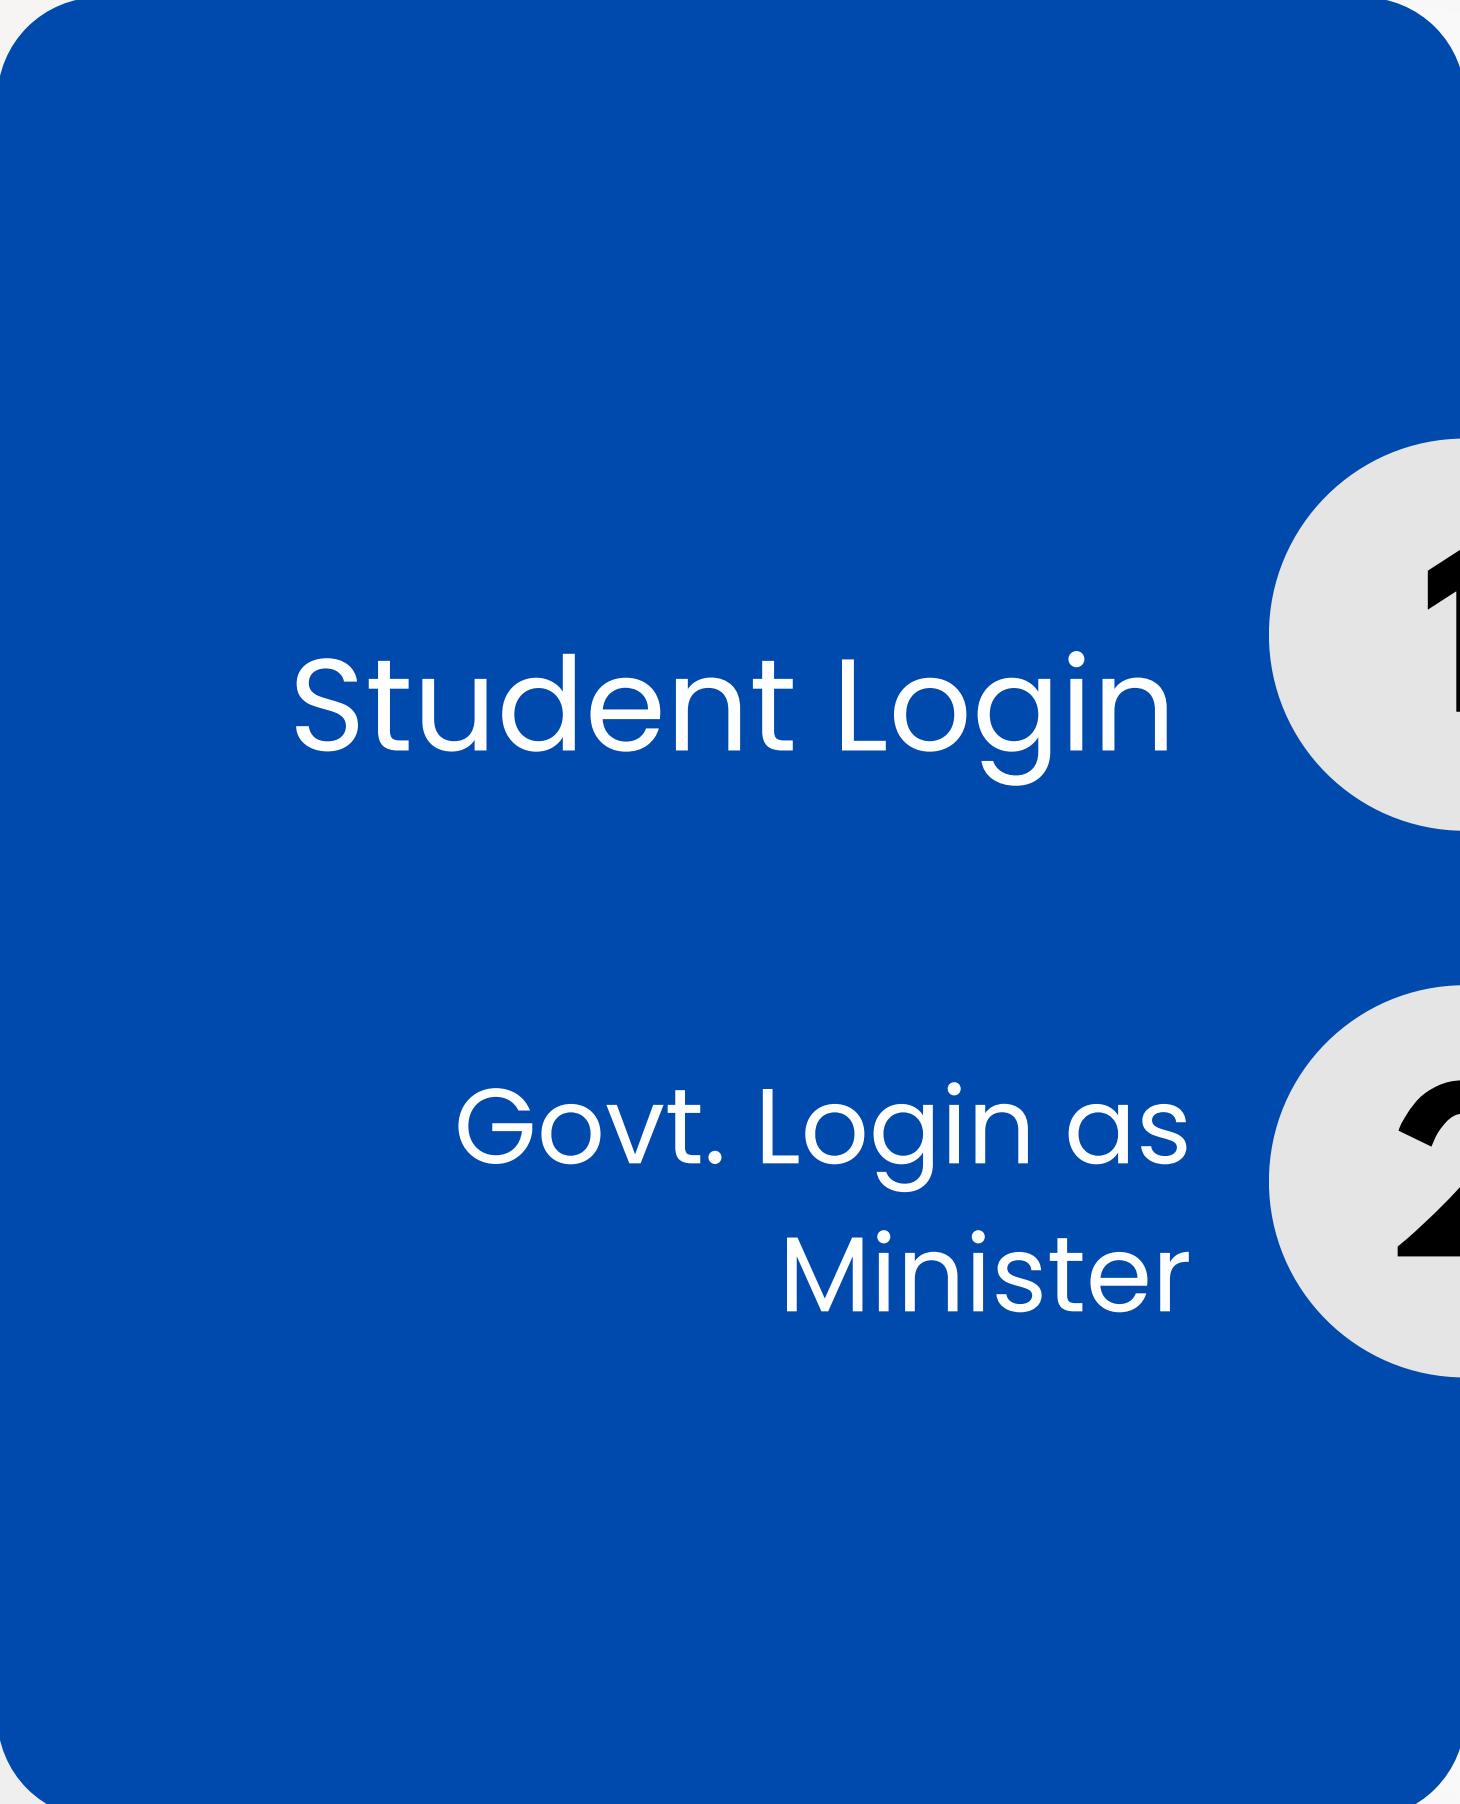

**BeyondGravity eliminates the noise. We don't  
just 'teach'; we architect careers.**

Athena (AI Strategist)

Pragna (AI Mentor)
